

## **THE GOODMAN GAMES**

The Goodman Games are a series of team building games to bring members of a lodge closer together in the spirit of the founders. The Goodman Games will be the main event on the morning of Founders Day. New for the 2009 NOAC we have add a new zone for a total of six zones. Each zone will have 4 to 7 team building or challenge type games/activities that teams can participate in and bring them home to their lodge or unit. Teams can be 4 or more and can be any combination of youth and adults or a specific youth or adult teams. This is an exciting opportunity for your lodge to share the morning learning new ways to strengthen you and your leadership skills. The Games will be directly following the Founders Day Parade and will be the only activity Wednesday morning. Come join the fun! With six zones and multiple games in those zones you are sure to find something to do – participate in all six zones for your NOAC Participation Award. (All game information will be provided electronically to lodge leadership during the Goodman Games as a master copy to share at the lodge level).
