

## National Council of Chiefs Meeting- Tuesday Morning 8:30 to 12

With the success of last conference's National Council of Chiefs, NOAC 2009 will continue the tradition of gathering our Order's leaders to witness first-hand the introduction of the newest resources and programs available, including a focus on the Power of One.

The 2009 NCOC will provide an empowering and inspiring experience to two youth and one adult from each lodge in the nation. These representatives will be provided with helpful information about upcoming national programs and changes. They will also be given the opportunity to help formulate new programs as we near the Order's 100<sup>th</sup> Anniversary. The NCOC will also provide an inspirational portion that will empower each participant to explore his or her own "Power of One".

**Only two Youth (Lodge Chief and designee) and one Adult (Lodge Adviser, Staff Adviser or designee) may attend this meeting. In order to prepare lodges for the future, we encourage the Lodge to select a young Arrowmen who is likely to be a lodge leader in the coming years to attend the NCOC as the second Youth participant. A check will be performed to verify that the morning periods on Tuesday are clear of any scheduled classes or activities. Should a conflict be identified, you will need to coordinate with the delegate and clear the conflict before you will be able to schedule the delegate for this event.**

Select the Lodge Chief (Youth)

Select the 2<sup>nd</sup> Youth

Select the Lodge Adviser (or designee)
