

Lodge Application Form

Arrowmen Conservation School (ACS) is designed to provide lodge-level youth officers with the knowledge and training required to develop and execute a localized *ArrowCorps* project. ACS will also provide adult advisors with support-related training to assist youth in mobilizing the necessary resources for project planning and execution. This program is intended for lodges that **aim to develop a council-based conservation initiative**, as such admission to ACS will be granted based on the information provided regarding a potential project. Once you have completed this form, you will need to return it via US mail or email. ACS is currently accepting lodge applications for admission to the program – your lodge team must consist of two (2) youth and one (1) adult. If more than fifty (50) applications are received admission selections will be made in conjunction with section leadership.

The application deadline for ACS is – **15 May 2009** - applications must be received -or- postmarked by this date. Send completed applications to:

Who Can/Should Attend?

It is recommended that in selecting the youth and adult members of your contingent to nominate to ACS that you choose those individuals who will be able to work and volunteer their time towards developing a conservation initiative after NOAC.

There is NO age requirement –nor– conservation experience requirement to attend ACS.

	Project Planning	Wilderness Engineering	Project Advising
Ideal Candidate	Youth who are detail oriented with an ability and desire to understand and work through the many month process of planning a conservation project. Project Planning nominees should be comfortable in front of large groups, and possess the ability to represent your lodge as a public face. They should be considered a great communicator, and highly reliable.	Youth who are interested in the ecological and scientifically based knowledge regarding conservation planning. Wilderness Engineering nominees should be capable of grasping technical details of ecology and be comfortable teaching to small groups. They should be considered self motivators and highly enthusiastic. Conservation experience is preferred – not required.	Adults who are willing to work with outside agencies and would be a good face-to-face contact person for your lodge in the conservation planning process. They should have an understanding of lodge finance, and the BSA tour permit and event planning models. Project Advising nominees should be great record keepers and youth oriented.

****IMPORTANT NOTE****

The members you nominate should still complete the NOAC selection process and choose alternate training opportunities and events. Once your lodge has been accepted to ACS those members you nominate will be contacted and their class selections changed by the registration admin. **Lodges will be notified of their acceptance by 31 May 2009.** For further questions please contact acs@instructorcorps.com

Lodge Information	Lodge Name		Council Number	
	Region/Section			
	Contingent Leader	Name:	Phone Number: () -	Email:
